“Know the Drill...
Be Prepared”

Read the information below and then visit www.prrd.ab.ca to take the QUIZ and test your Student Release knowledge.

Monthly prizes will be awarded for participating.

Student Release Procedures

- The Student Release procedure is a controlled method of releasing students to parent or an authorized adult.
- If activated, parents will be required to sign for their children. No parent will be permitted to simply take their child without signing for them.
- Parents/guardians will only be allowed to sign for their OWN children.
- Parents will be required to provide photo identification to complete the Student Release forms.
- To ensure the safety of all students at the school, the Student Release process involves a number of steps so parents need to be prepared to wait for a period of time before being united with their child.
- Older and independent students will be required/allowed to complete their own Student Release forms.

How will parents be notified if they will be required to follow Student Release Procedures?

In the event that the Student Release procedure is activated, parents will be immediately notified via School Messenger (phone, text, email) and detailed instructions will be sent as part of the notification process.

RALSTON COMMUNITY
